

# GERARD VESPASIEN

DATA ANALYST / PYTHON DEVELOPER

Paris | +33 663867877 | [gerahrd@yahoo.fr](mailto:gerahrd@yahoo.fr) | [linkedin.com/in/gerardvedom](https://www.linkedin.com/in/gerardvedom) | [github.com/gerahrd-bda/databird](https://github.com/gerahrd-bda/databird)

---

## SUMMARY

As a Data Analyst with over five years of experience, I excel in transforming raw data into actionable insights. My expertise in Python, SQL, and R has driven significant improvements in business strategies, increasing user engagement by 30%. Passionate about data storytelling, I strive to foster a data-driven culture within organizations.

---

## WORK EXPERIENCE

Data Analyst, GCA

Paris, France | 02/2019 - Present

- Directed CRM projects to optimize the marketing team's journey through advanced data analytics, using SQL and python, I identified key pain points, resulting in a 20% increase in customer retention.
- Ideated interactive dashboards using Matplotlib and Seaborn for visualizing key performance indicators (KPIs), improving data comprehension among stakeholders by 70%.
- Implemented statistical models and designed A/B testing using NumPy, processing datasets exceeding 10 million records, leading to a significant reduction in processing time and 25% increase in model accuracy.

Data Analyst & Scrum Master, EDF

Bordeaux, France | 01/2018 - 12/2018

- Conducted as Scrum Master a TPM project, leading cross-functional teams in agile methods and achieving a 25% reduction in operational costs and a 40% decrease in defects through process optimization.
- Leveraged regression analysis to optimize IT processes, improving overall efficiency by 15%.

Scrum Master & Python Developer, IBM

Lille, France | 03/2015 - 12/2017

- Supervised ETL and Data Warehouse (DWH) projects using python, improving data accessibility and achieved a 92% stakeholder satisfaction rate by streamlining data pipelines and enhancing data quality.
- Coordinated with stakeholders to develop technical solutions, ensuring that they met business needs and facilitating effective communication between technical and non-technical team members.

System Admin & Middleware Engineer

Various Locations, Europe | 1995 - 2014

- Enhanced system efficiency and reliability through optimized configurations and robust failover strategies.
- Boosted processing speed through the optimization of IBM messaging systems to ensure smooth data flow.

Financial Analyst

Paris, France & London, UK | 1985 - 1995

- Achieved financial data analyses to support strategic decisions, resulting in a 10% growth in market revenue.
- Improved data retrieval efficiency with optimized SQL database queries enabling faster access to critical insights.

---

## EDUCATION

- Master's Degree in Computer Science, Pierre & Marie Curie University (UPMC), Paris-Sorbonne University
- Languages: English (Fluent), French (Native language), German (Limited working proficiency)

---

## CERTIFICATIONS & TRAINING

- Kanban, Lean, Scrum, Data Engineering with Python, ETL, Data Structures and Algorithms, AI, ML
- Agile Project Manager (PMI-ACP)
- Data Analysis and Data Science with Python (GLA)
- Oracle Database SQL Developer (Oracle)

---

## SKILLS

- Programming Languages: SQL (UML, ERM), Python (Pandas, NumPy, Scikit-Learn), R, Mojo
- Data Visualization: Tableau, Excel, Matplotlib, Seaborn, Plotly
- Statistical Analysis: Regression Analysis, Hypothesis Testing, A/B Testing
- Tools & Technologies: Jupyter Notebook, Anaconda, PyCharm, Dask, Mlflow, Git
- Soft Skills : Problem-solving, Communication, Teamwork.
